“a little mystery---and a lot of history”

June 7 to 10, 2021, JB Tours will be traveling to Pennsylvania. The first stop is the Big Mac Museum where the iconic sandwich was invented in 1967. The next stop is Fort Ligonier where you meet young George Washington. This Fort moves history from 1754 to 1758, the French and Indian War. Here Colonel Washington is leading troops. On display you see the saddle, pistols and memoirs, “Remarks” in his own handwriting.

You will be visiting the crash site of Flight 93. On Tuesday morning September 11, 2001, the U.S. came under attack when four commercial airlines were hijacked and used to strike targets on the ground. Flight 93 crashed in an open field in Somerset County, Pennsylvania where 40 Hero passengers gave their lives to prevent the intended crash into our Nation’s Capital.

Near by is the Quecreek Mine Rescue Site where you hear the miraculous story of how nine coal miners were rescued from 240 feet beneath the earth in a farmers field. You will see the actual capsule, the broken bit and the bit that finally broke through to complete the rescue.

The Johnstown Museum, brings back the poignant history of the devastating flood of 1889 when a dam let loose killing 2000 persons. See the Academy Award winning film, “The Johnston Flood”.

You will be meeting a local step-on-guide to tour Pittsburgh, ride the Duquesne Incline and have lunch at the Grand Concourse before heading home.
